azzcatdesign @GenOneStudios Good night! #dcth -8:47 PM May 20th, 2010

azzcatdesign @GenOneStudios I like the \$25 custom WordPress site projects with logo. Amuses me over coffee in morning. #dcth -8:46 PM May 20th, 2010

GenOneStudios G'night all! I have to go write a science test. Ugh! #dcth -8:45 PM May 20th, 2010

artrox Have a delightful weekend everybody...ciao... #dcth -8:44 PM May 20th, 2010

GenOneStudios @azzcatdesign It is pretty weird. But I was competing against pregrammers. I wouldn't touch the design jobs : -D #dcth -8:44 PM May 20th, 2010

GenOneStudios absolutely! RT @blueturtlefl: @artrox yeah if the project logo to you is meh then crowdsourcing is the meh solution #dcth -8:43 PM May 20th, 2010

blueturtlefl Thanks @DCTH! See you guys next week! #dcth -8:43 PM May 20th, 2010

azzcatdesign @GenOneStudios I actually got a couple clients via oDesk. But not for 3rd world rates. oDesk is a weird place. #dcth -8:43 PM May 20th, 2010

GenOneStudios @DCTH Awww... time already!! thanks! #dcth -8:43 PM May 20th, 2010

blueturtlefl @martinluff yea, I agree! Hey thanks so much for your EE wisdom:) Hoping to breeze through the tutorials and move on to my site #dcth -8:43 PM May 20th, 2010

GenOneStudios @azzcatdesign So if you are into that low balling type environment you can gain prestige in your 'niche'. #dcth -8:42 PM May 20th, 2010

martinluff @DCTH - thanks - and thanks to the rest of you... bye. #dcth -8:42 PM May 20th, 2010

GenOneStudios @azzcatdesign Maybe. I went to Odesk to check them out (looking for work) got into and realized that there is a high class in the mix. #dcth -8:41 PM May 20th, 2010

martinluff @blueturtlefl - yes, I think he shot himself in the foot (again) there... #dcth -8:41 PM May 20th, 2010

azzcatdesign @GenOneStudios You mean, to fight back? #dcth -8:35 PM May 20th, 2010

martinluff @GenOneStudios - 'interesting' point. #dcth -8:35 PM May 20th, 2010

blueturtlefl @mikeconaty yes, very diplomatic answer!...wow, did I ever open a can of worms... #dcth -8:35 PM May 20th, 2010

azzcatdesign @GenOneStudios I haven't seen the final. Will look. There's no fool proof solution for much of anything. #dcth -8:34 PM May 20th, 2010

GenOneStudios @azzcatdesign but since I have imperatives and aptitudes I didn't join the fray at the crowdsource thing... #dcth -8:34 PM May 20th, 2010

mikeconaty #Q3 So I guess the answer is more and better prospect education as well as client education? #DCTH -8:34 PM May 20th, 2010

azzcatdesign @mikeconaty I'm an Annie Lennox kinda listener. #DCTH -8:33 PM May 20th, 2010

azzcatdesign @mikeconaty lol! #DCTH -8:32 PM May 20th, 2010

GenOneStudios @azzcatdesign I care. I just don't see a fool proof solution. I'm pretty sure for what brogan got I could have provided.. #dcth -8:32 PM May 20th, 2010

martinluff @azzcatdesign rofl #dcth -8:32 PM May 20th, 2010

azzcatdesign @martinluff Discussing baby names is a minefield of trouble. ;-) #dcth 🥎 🖈 👢 🥎 -8:32 PM May 20th, 2010

azzcatdesign @martinluff Yes...and THOSE are the names they don't use! #dcth -8:31 PM May 20th, 2010

mikeconaty @azzcatdesign Ohhhh suuuuurrrrreeee :-) #DCTH -8:31 PM May 20th, 2010

GenOneStudios @martinluff I'll agree and where as I don't think the situation is **↑** → ♣☆ hopeless, the reality is there will alwys be those who don't care #dcth -8:31 PM May 20th, 2010

azzcatdesign @martinluff You're right! New business models. #dcth -8:30 PM May 20th, 2010

martinluff @azzcatdesign - I was just joking with that one - basically it's like asking your wider circle of friends for a suggestion (plenty do) #dcth -8:30 PM May 20th, 2010

azzcatdesign @mikeconaty The only reason I know about LGaGa is I have teens! #DCTH -8:30 PM May 20th, 2010

azzcatdesign @martinluff Yeah, not a service. #dcth -8:28 PM May 20th, 2010

GenOneStudios @mikeconaty Hehehe...and thanks for that. #dcth -8:28 PM May 20th, 2010

GenOneStudios @azzcatdesign Unfortunately, balance sheets and bottom lines don't always come with moral imperatives and aptitudes #dcth -8:27 PM May 20th, 2010

mikeconaty @azzcatdesign See I knew I'd pick the wrong example. :-) She went to Julliard? OK, then that JB kidthen (I will not tweet his name) #DCTH -8:27 PM May 20th, 2010

blueturtlefl @Sakmaniac see later Brian! #dcth -8:27 PM May 20th, 2010

martinluff @azzcatdesign SwissMiss crowdsourced her baby's name (but of course I think that's in a different league) #dcth -8:27 PM May 20th, 2010

azzcatdesign @mikeconaty Yes. Why? We don't value our own time, so why value others? I don't get it. #DCTH -8:27 PM May 20th, 2010

azzcatdesign @GenOneStudios Tim Ferris did the same thing last year. Crowdsourced a book cover. : P #dcth -8:26 PM May 20th, 2010

martinluff @mikeconaty - all the more reason for us to educate and explain consequences whenever we have the chance? #dcth -8:26 PM May 20th, 2010

Sakmaniac Gots to run for the evening. It's been entertaining to say the least! #dcth -8:26 PM May 20th, 2010

azzcatdesign @mikeconaty Plus, the musicians get paid for waiting tables--that part isn't spec, either. #DCTH -8:25 PM May 20th, 2010

mikeconaty @azzcatdesign Absolutely agree, the danger is that the world is becoming full of those types because they see others do it. #DCTH -8:25 PM May 20th, 2010

GenOneStudios @azzcatdesign He may well have. Or at least after fact saw the potential. There is no such thing as bad publicity if you know how.. #dcth -8:24 PM May 20th, 2010

mikeconaty @Sakmaniac I'm not saying it should be, it's the way many people see it. I don't endorse it, just pointing out the reality #DCTH -8:24 PM May 20th, 2010

blueturtlefl speaking of CB and the 99designs...here's the outcome http://bit.ly/ a43VIz #dcth -8:23 PM May 20th, 2010

Sakmaniac No question 4 tonight? #dcth -8:23 PM May 20th, 2010

azzcatdesign @mikeconaty This is true. Those aren't my clients, anyway. Just hate to see so many think spec is normal MO. #DCTH -8:23 PM May 20th, 2010

GenOneStudios @mikeconaty the 'buy buy!' attitude is what's really shocking. All ¬ → 2 ☆ that crap that they don't even need and they suck it up anyway #dcth -8:23 PM May 20th, 2010

mikeconaty @azzcatdesign I would use music as an example too: Lady Gaga sells billions, while talented musicians starve & wait tables #DCTH -8:23 PM May 20th, 2010

Sakmaniac @mikeconaty Sometimes... a hammer is just a hammer. Design isn't... #dcth -8:22 PM May 20th, 2010

azzcatdesign @GenOneStudios I think he may have engineered it. But I'm just suspicious sometimes. #dcth -8:22 PM May 20th, 2010

martinluff @seebrowntweet - cya! #dcth -8:22 PM May 20th, 2010

mikeconaty @azzcatdesign But for the most part, people didn't care. Yes they are evil, but look at the \$1.27/dozen pieces of crap... buy buy buy #DCTH -8:21 PM May 20th, 2010

seebrowntweet Well, anywho, an interesting topic. I really must go. :) thx for the chat #dcth -8:21 PM May 20th, 2010

azzcatdesign @seebrowntweet Yes. David Airey and another logo designer did the research. Creepy stuff. #dcth -8:21 PM May 20th, 2010

Sakmaniac f I have someone on a budget that can't work for me, I suggest students at the local Community College. Not in a bad way, either. #dcth -8:21 PM May 20th, 2010

GenOneStudios @azzcatdesign Hehehe...I felt sorry for him. But since he's a big boy I think he can take his licks! #dcth -8:21 PM May 20th, 2010

azzcatdesign @mikeconaty And WalMart was sued for not promoting women... #DCTH -8:20 PM May 20th, 2010

Sakmaniac I used to have some intern for me when I worked for a magazine $\uparrow \rightarrow A \Leftrightarrow \Box$ company, and they can provide competent work at low cost... and not spec. #dcth -8:20 PM May 20th, 2010

azzcatdesign @GenOneStudios Yep. He's past it. We're resurrecting the debate.;-) #dcth -8:19 PM May 20th, 2010

Sakmaniac If I have someone on a budget that can't work for me, I suggest students at the local Community College. Not in a bad way, either. #dcth -8:19 PM May 20th, 2010

seebrowntweet @azzcatdesign Yeah, was your blog post the one about kids doing design? That was a little disconcerting. #dcth -8:19 PM May 20th, 2010

mikeconaty @martinluff It was only picking up my tweets from the web site for a while, then stopped, now working normally... odd tech night #DCTH -8:19 PM May 20th, 2010

martinluff @theconstruct - I would imagine so - send to @dcth without the #dcth -8:18 PM May 20th, 2010

azzcatdesign @seebrowntweet There's all sorts of iffyness, though...child labor, plagiarism, etc. Cheap can of worms. #dcth -8:18 PM May 20th, 2010

GenOneStudios @azzcatdesign I see...Brogan is still taking a beating over the4 99designs (was that it?) thing. #dcth -8:18 PM May 20th, 2010

martinluff @mikeconaty - seems to be flowing a bit more now... could just be the heated subject;) #dcth -8:18 PM May 20th, 2010

mikeconaty @artrox The reality is (unfortunately) many people can not tell the diff. It's why Wal Mart does so well, good enough is good enough #DCTH -8:18 PM May 20th, 2010

blueturtlefl @DCTH yep, sorry the flood gates are now open...had to ask Q3 after the debate last week :) #dcth -8:18 PM May 20th, 2010

theconstruct We still taking questions? #dcth -8:17 PM May 20th, 2010

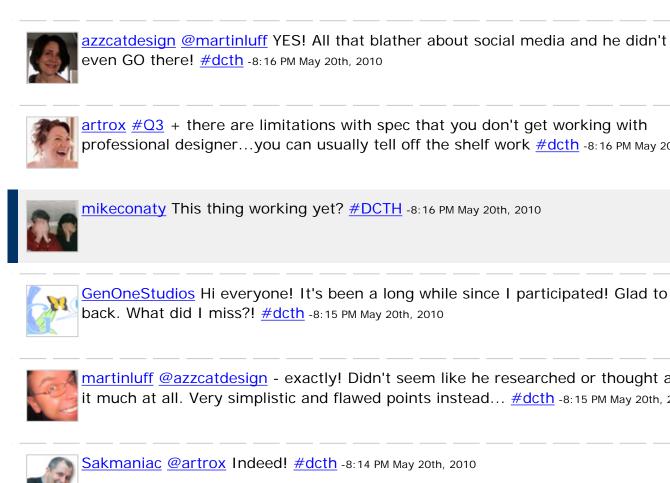

azzcatdesign @GenOneStudios The righteous #nospec debate #dcth -8:17 PM May 20th,

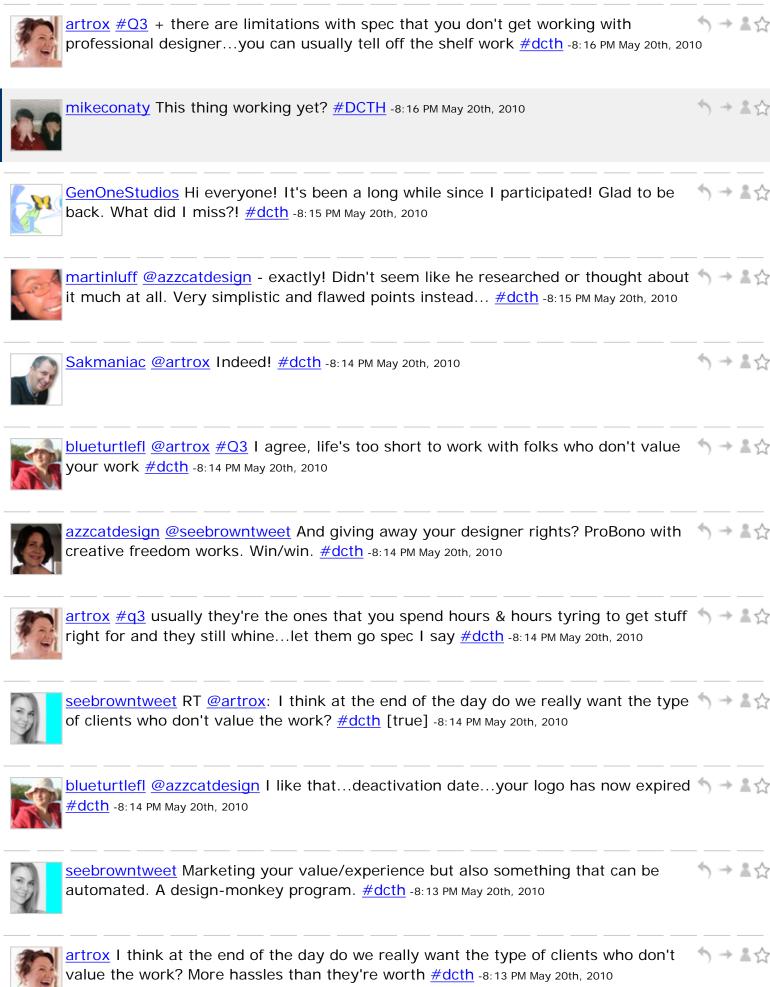

seebrowntweet I've actually pointed people to crowdspring when they said their logo budget was under \$100. Diff markets, like anything. #dcth -8:17 PM May 20th, 2010

 $\uparrow \rightarrow A \Leftrightarrow \Diamond$ martinluff @azzcatdesign - exactly! Didn't seem like he researched or thought about カーニ☆ blueturtlefl @artrox #Q3 I agree, life's too short to work with folks who don't value azzcatdesign @seebrowntweet And giving away your designer rights? ProBono with artrox #q3 usually they're the ones that you spend hours & hours tyring to get stuff \(\gamma \rightarrow \lldot \gamma \rightarrow \gamma \rightarr seebrowntweet RT @artrox: I think at the end of the day do we really want the type 🥎 🚽 🕍 blueturtlefl @azzcatdesign I like that...deactivation date...your logo has now expired **り→ &☆** ¬ → â ☆ azzcatdesign @martinluff See, isn't that what many of us do with our blogs? consequences so consumer can decide #dcth [i think this is part of it] -8:13 PM May 20th, 2010

martinluff @Sakmaniac - yes, I think CB should have known/done better - wasn't really a good way to start useful debate... #dcth -8:12 PM May 20th, 2010

azzcatdesign Woudn't it be awesome if spec work had some deactivation date? Like trial apps? That might work the freemium model. ;-) #dcth -8:12 PM May 20th, 2010

seebrowntweet @azzcatdesign I don't know. That's what we've always done, **^** → ♣☆ though. Is there something scalable that doesn't include free hours? #dcth -8:12 PM May 20th, 2010

martinluff @seebrowntweet - perhaps not so much say what is good and bad but highlight consequences so consumer can decide #dcth -8:11 PM May 20th, 2010

azzcatdesign @martinluff Yes. Nike gets reamed for cheap labor overseas, but all is good for spec design. WTF??? #dcth -8:11 PM May 20th, 2010

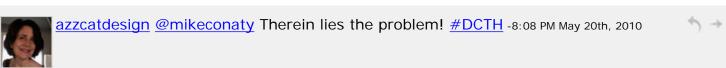

azzcatdesign @DCTH Yeah. I've tried to pace myself on the #nospec crusades. Bad for health! #dcth #Q3 -8:09 PM May 20th, 2010

martinluff @azzcatdesign - true, plus I think there's more understanding of $\gamma \rightarrow 1$ consumer responsibility with things like cheap clothes for example... #dcth -8:09 PM May 20th, 2010

azzcatdesign @seebrowntweet Isn't that what initial consultation covers. Free talk? Little sketches? #q3 #dcth -8:08 PM May 20th, 2010

martinluff @seebrowntweet - not all free is bad but when you create an expectation that a large chunk of work will be done free then that's diff. #dcth -8:08 PM May 20th, 2010

<u>azzcatdesign @martinluff</u> There's that great Harlan ___?__ video on spec. #dcth -8:07 PM May 20th, 2010

mikeconaty @azzcatdesign Exactly. Their "argument" is faulty, so how do you change it without using the word dumbass? :-) #DCTH -8:07 PM May 20th, 2010

seebrowntweet Whoops, that was a #q3, not @. and PS how can we work the freemium model into what we do bc that is where all business is going #dcth -8:06 PM May 20th, 2010

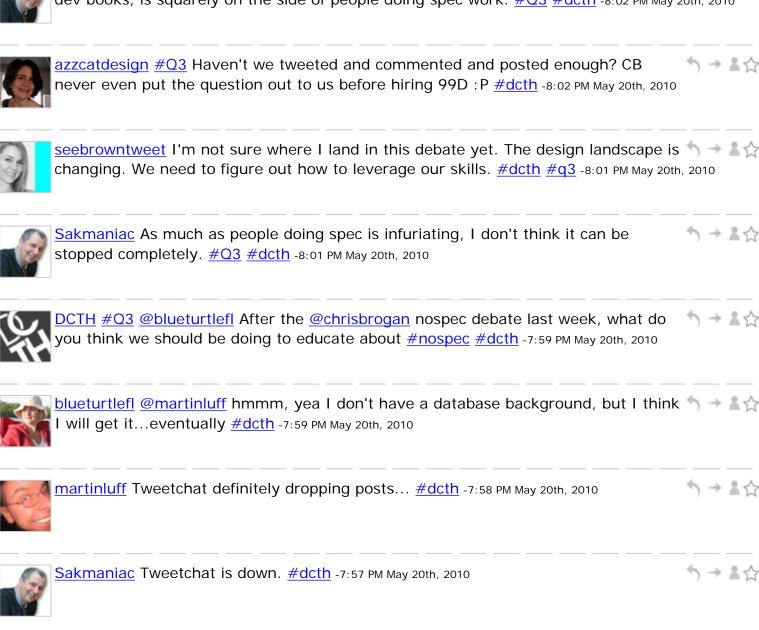

Sakmaniac #Q3 http://bit.ly/a8gSD3 #dcth -8:06 PM May 20th, 2010
