[ajdigitalfocus](#) [#Q6](#) It depends where it's going and what it's for. If it's a new window/tab or external site, may put an icon to indicate that [#dcth](#) -8:32 PM May 27th, 2010

[LMWilson76](#) [@mindsetgraphics](#) I haven't done anything 2 bill out for yet - I'm just in school 4 (late in life) and looking to learn [#dcth](#) -8:30 PM May 27th, 2010

[martinluff](#) [@DCTH](#) - what sort of stuff are you looking for? 'Tech' is pretty broad... ;) [#dcth](#) -8:29 PM May 27th, 2010

[DCTH](#) [#Q6](#) [@theconstruct](#) From a UX standpoint, do your reference links open in the same window or another tab? [#dcth](#) -8:28 PM May 27th, 2010

[DCTH](#) [#dcth](#) promo: I'm looking for a freelance tech writer. Do you fit the bill? Contact [@chadengle](#) -8:28 PM May 27th, 2010

[martinluff @ajdigitalfocus](#) - yes, I don't actually find it too bad, plus actually enjoy aspects of the project management side [#dcth](#) -8:27 PM May 27th, 2010

[Sakmaniac @kristofcreative](#) I just looked down at my desk and realized I can't actually see the desk. Argh! [#dcth](#) -8:26 PM May 27th, 2010

[ajdigitalfocus @martinluff](#) Yeah I guess I'm used to administrative type stuff like that so it doesn't seem arduous to me. It's 2nd nature... [#dcth](#) -8:25 PM May 27th, 2010

[mindsetgraphics #Q5](#) Have others handling finances, solid proj. process and there's no tedium. Stay creative as long as hardware and coffee holds up. [#DCTH](#) -8:24 PM May 27th, 2010

[martinluff @ajdigitalfocus](#) - I 'kind-of' try to do that but it still leaves time logging and billing... [#dcth](#) -8:24 PM May 27th, 2010

[martinluff #Q5](#) - if I get a creative block then force myself to get on with routing admin stuff... [#dcth](#) -8:22 PM May 27th, 2010

[dambold @mikeconaty](#) lol. Talk for 30 seconds. That's about what it would buy. [#dcth](#) -8:21 PM May 27th, 2010

[blueturtlefl @mikeconaty](#) I think I definitely would've laughed. Seriously. [#dcth](#) -8:20 PM May 27th, 2010

[kristofcreative #Q5](#) I have a desk clock. The cluttered my desk gets, the more I'm reminded to do the boring stuff. [#dcth](#) -8:20 PM May 27th, 2010

[mindsetgraphics #Q4](#) We don't do that but I thought it was funny at the time. We don't discount, but we can work arrangements/financing/barter etc. [#DCTH](#) -8:20 PM May 27th, 2010

[blueturtlefl #Q5](#) I try to work on creative when I feel fresh & my brain is more focused. Save the boring stuff for when I need a brain break [#dcth](#) -8:20 PM May 27th, 2010

[martinluff @mikeconaty](#) - that's awful. I probably shouldn't say the word but all these spec sites have a bit to answer for... [#dcth](#) -8:19 PM May 27th, 2010

[mikeconaty @blueturtlefl](#) No. It's actually the only time I laughed at a prospective client. (bad of me I know, but it was actually insulting) [#DCTH](#) -8:19 PM May 27th, 2010

[creativereason @martinluff @mikeconaty #dcth](#) deflation of Euro? :-)) -8:19 PM May 27th, 2010

[ajdigitalfocus #Q5](#) I knock out all the boring stuff at the beginning and set up deadlines, reminders, etc. then. All that's left is the creative [#dcth](#) -8:19 PM May 27th, 2010

[kristofcreative](#) [@mikeconaty](#) And that would be one of the reasons. [#dcth](#) -8:18 PM May 27th, 2010

[mikeconaty](#) [@martinluff](#) Yes way... it was "what's left in the budget" [#DCTH](#) -8:18 PM May 27th, 2010

[blueturtlefl](#) [@mikeconaty](#) Would \$15 even cove the gas to get there? [#dcth](#) -8:18 PM May 27th, 2010

[martinluff](#) [@mikeconaty](#) - yes, expectation threshold seems to be going down... \$15 - no way! [#dcth](#) -8:17 PM May 27th, 2010

[DCTH #Q5](#) [@creativereason](#) How do you shift from time on boring stuff (proj mgmt billing) 2creative work? Are you able to flip a switch? [#dcth](#) -8:17 PM May 27th, 2010

[blueturtlefl](#) [@mikeconaty](#) yeah, that's the sad thing...clients have no idea how long it takes to do certain things. I think they guess at \$\$ [#dcth](#) -8:17 PM May 27th, 2010

[kristofcreative](#) [@mikeconaty](#) I have a long article coming out explaining why, but new site is going to list all pricing. [#dcth](#) -8:17 PM May 27th, 2010

[mikeconaty](#) [#Q4](#) Like the \$15 budget for a 6-hour seminar recording... yes \$15 total. No I didn't take the gig. :- ) [#DCTH](#) -8:17 PM May 27th, 2010

[g33kgurr1](#) Waves to the [#dcth](#) crowd & heads back to the bar. [#martinis](#) -8:17 PM May 27th, 2010

[blueturtlefl](#) [@mindsetgraphics](#) I like that—the extra charges for P.I.T.A. clients ;) [#dcth](#) -8:16 PM May 27th, 2010

[mikeconaty](#) [#Q4](#) the only reason I ask is that there seem to be quite a few low \$\$ info requests lately, all of which were well below that \$ [#DCTH](#) -8:16 PM May 27th, 2010

[adammcombs](#) [#Q4](#) I have project minimums/ballparks, especially with the work I do for Magento but I do hourly coding work as well to. [#dcth](#) -8:16 PM May 27th, 2010
