nicholastalks @scottsampson ah yes, Gimp is very capable. I use in on Linux. On even odder occasions! #dcth -8:16 PM Jul 15th, 2010  scottsampson can artistic talent/skill be learned do you think? or is it a natural ability only? #DCTH -8:16 PM Jul 15th, 2010	<ul><li>↑ → â☆</li><li>↑ → â☆</li></ul>

¬ → â ☆ scottsampson @jesskupferman stick figures I can JUST about manage. And technical schematics. But can't do "prettifying", and I despise photoshop #DCTH -8:05 PM Jul 15th, 2010

107designs kg\_creative @azzcatdesign @nicholastalks @jesskupferman Awesome, guys... thanks! #dcth -8:04 PM Jul 15th, 2010

jesskupferman @scottsampson If it makes you feel better, I can't draw. At ALL. Not even stick figures. I'm ok digitally though. #DCTH -8:04 PM Jul 15th, 2010

scottsampson @jesskupferman: D Have less than zero artistic talent lol #DCTH -8:03 PM Jul 15th, 2010

nicholastalks #Q2 i research all the competition, but not logo sites. I meditate more on the company and what they need the logo to portray. #dcth -8:03 PM Jul 15th, 2010

107designs #Q2 I've seen a lot of logo theft lately (even had a piece of my art copied), so naturally I'd like to make sure I'm not doing it #dcth -8:03 PM Jul 15th, 2010

jesskupferman @scottsampson Ah ha! Makes sense now. #DCTH -8:02 PM Jul 15th, 2010

kg\_creative @azzcatdesign Having said that, a trademark search is not a bad idea either. #dcth -8:02 PM Jul 15th, 2010

scottsampson @jesskupferman I'm a developer / code consultant lol <u>#DCTH</u> -8:02 PM Jul 15th, 2010

kg\_creative RT @azzcatdesign: #Q2 Im afraid of too much research on logo sites. -> This. I compare complete designs after the fact, not before. #dcth -8:02 PM Jul 15th, 2010

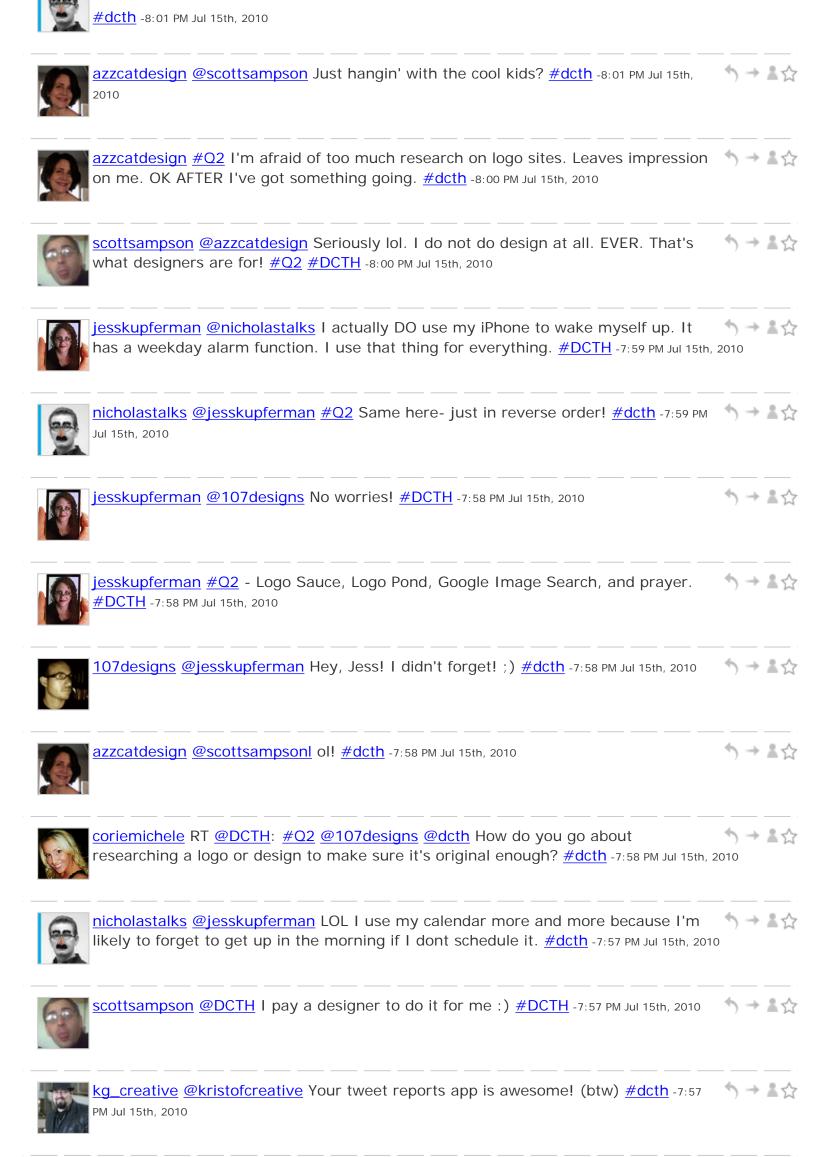

jesskupferman @scottsampson What do you do? #DCTH -8:01 PM Jul 15th, 2010

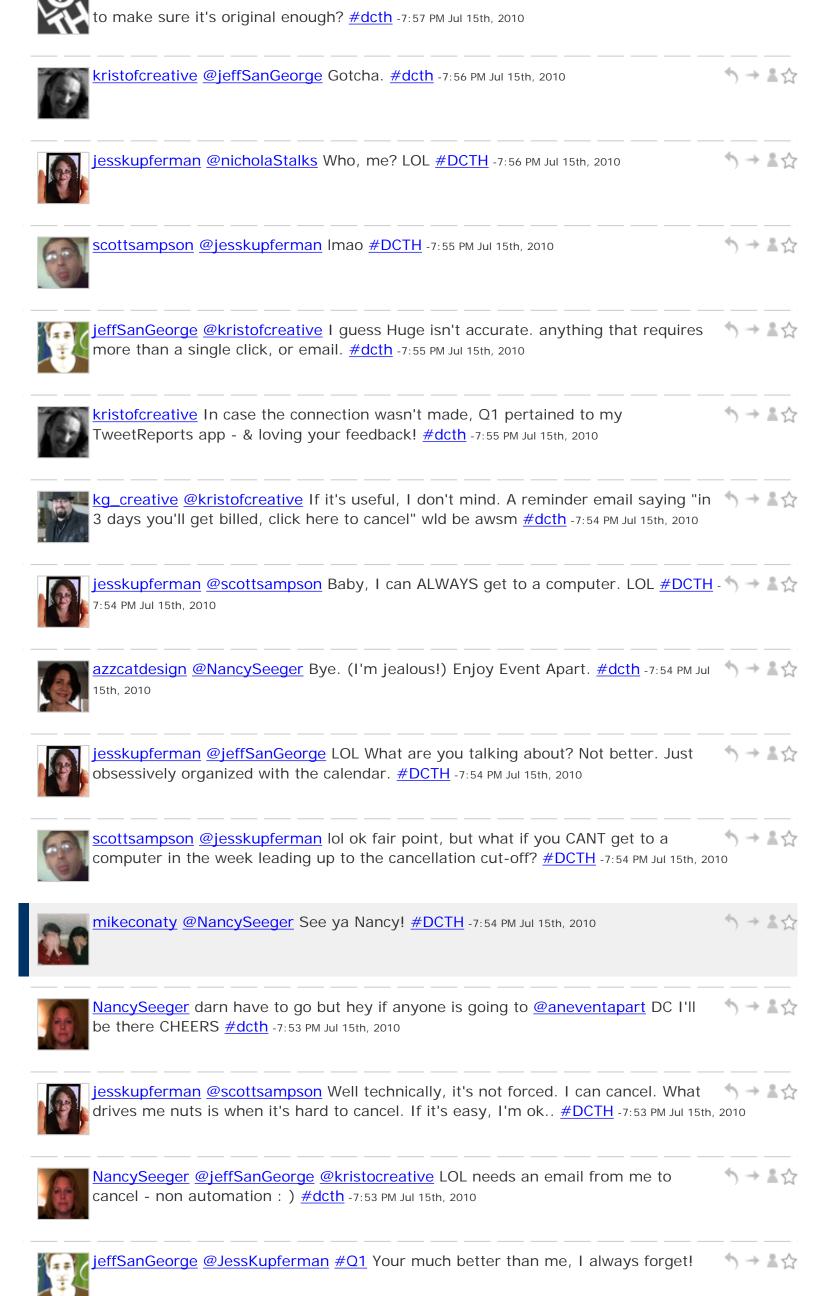

nicholastalks @jesskupferman me too! Those alarms are really annoying. Love em!

kristofcreative I tend to b forgetful so not a fan of free trials that auto charge me if I >> & & & forget to cancel #dcth -7:57 PM Jul 15th, 2010

kristofcreative @jeffSanGeorge @NancySeeger What do you consider a huge barrier to canceling? #dcth -7:52 PM Jul 15th, 2010

scottsampson @jesskupferman yes but why should you have to? A trial should be just that - a trial. Not an intro with a forced continuation #DCTH -7:51 PM Jul 15th, 2010

NancySeeger Q1 sounds like everyone prefers the @37signals approach to signups although like most pm apps the lack of decent ics cal is a bummer #dcth -7:51 PM Jul 15th, 2010

jesskupferman @107designs Hey dude! #DCTH -7:50 PM Jul 15th, 2010

jesskupferman #Q1 - I can be responsible for my own cancellations. I schedule them on the calendar when I sign up. #DCTH -7:50 PM Jul 15th, 2010

ngassmann Ditto RT @cjgraphix: #q1 #dcth If ur asking for my payment details to try you web app, I'm not trying your web app. Freemium model please. -7:49 PM Jul 15th, 2010

jeffSanGeorge @NancySeeger #Q1 I'm with you, I can't stand huge barriers to cancel #dcth -7:48 PM Jul 15th, 2010

NancySeeger Q1 applies more to subscriptions but some of the cancellations are hard as heck to accomplish <u>#userunfriendly</u> <u>#DCTH</u> <u>#dcth</u> -7:47 PM Jul 15th, 2010

ThadWillNotStop @107designs important question. Have seen similar logos get to  $\uparrow \rightarrow A \Leftrightarrow \Diamond$ production too often. It's tough but we should def research more. #dcth -7:47 PM Jul 15th, 2010

azzcatdesign @mikeconaty Yep. Don't want to send out my billing info just for \$1. Wait till I know I want it. #dcth -7:46 PM Jul 15th, 2010

<u>107designs</u> Me too => RT @cjgraphix: #q1 If youre asking for my payment details to try you web app, Im not trying it. Freemium model please. #dcth -7:46 PM Jul 15th, 2010

mikeconaty #Q1 Definitely no auto pay, but if you pay, even \$1, don't call it a free trial... I've already paid you. :-) #DCTH -7:45 PM Jul 15th, 2010

nicholastalks @cjgraphix #q1 i agree. #dcth -7:45 PM Jul 15th, 2010

jeffSanGeorge #Q1 I prefer the "fremium" model with option to pay for the "next level" or after a time period #dcth -7:45 PM Jul 15th, 2010

angbowen #Q1 If the @azzcatdesign idea is on the table I would choose that. #dcth

nicholastalks #Q1 Free trial should be a free trial. I dont like negative billing - a local cable co got in trouble with that. #dcth -7:44 PM Jul 15th, 2010
